

Dear Homeowners,

We are most fortunate that the Naples area is not expected to be greatly impacted by Hurricane Dorian.

Compass, our construction company, secured the pool area on Friday afternoon. Heather Keel, our Cambridge property manager, with her team was here on Saturday afternoon to check our property and secure anything of concern.

Dorian is expected to near Florida's east coast late Monday or Tuesday before shifting north. We will send an update once the storm has moved further north.

Regards,  
Janice Schienke
