

11/7/19 Rosewood Residents

Painting will start 11/12/2019 at building 1650. All buildings will be posted a few days in advance and as Moguel Contracting continues around the community buildings will be posted.

Roof and Carport Cleaning will start 11/11/2019. All buildings will be posted a few days in advance and as Conroy continues around the community buildings will be posted.

Addition to above e-mail sent by Guardian

Planting and Mulching will also take place possibly on 11/8/19. You may have noticed a couple of trees were hit by lightening on WPD and on the island which will be removed next week. The Master will be trimming trees on the berm next to 1720 to clear it for the painters and plantings.

Looks as though everything is happening at one time which we did not plan it to occur this way. Contractors seem to have their own schedule. Since your building will be notified in advance for roof cleaning, painting, etc. please be sure your condo person is notified if you are not going to be on the grounds. Front doors and lanais will be painted so access is required. Cars will need to be moved and hopefully your car keys are available.

We all will be a little inconvenienced for a while but when everything is finished it would have been worth it.

Thank you for your patience,

Rosewood BOD'S
