

Dear Falling Waters Residents,

Beginning on Wednesday, February 12, 2020 through Saturday, February 15, 2020 significant repairs to the Falling Waters Clubhouse Parking Lot will commence. The vendor will be completing repairs to large sections of the parking lot, and in order to do so, will mark off the areas each morning. This project will restrict the availability of parking at the Clubhouse on these days. We ask that residents please utilize the overflow parking lot located adjacent to the main parking lot during this project to allow the vendor to easily and quickly make the necessary repairs. Once the main parking lot is completed, the vendor will move to the overflow parking lot to make the needed repairs in that location.

To assist residents on the location of the overflow parking lot, a photograph has been provided below. We would like to thank everyone for their cooperation during this project and apologize for any inconvenience this may cause.
