

Rosewood Residents

The risk of the Coronavirus contagion has led Florida to enact quarantine restrictions relating to the renting and occupancy of condominiums in Florida. These restrictions were effective as of March 28, 2020.

We can not predict when the restrictions will be lifted by the Governor. The Rosewood Condominium Association will not be processing rental or guest without owner in residence applications, until the restrictions are lifted.

Renters and Guest Without Owner in Residence who were arriving after March 28, 2020 and were not residing for at least thirty days (30) have been notified that their reservations have been canceled by the Member Center.

On Behalf of the Rosewood Board,

Ron DiFabio

P.S. Wishing all the best of health.
