

NOTICE

ROSEWOOD OWNERS/CONDO WATCHERS

Re: New Mailbox Keys

June 20, 2020

Notices were posted on our website and was also mentioned in our last newsletter notifying owners that we are having new mailboxes installed. We also advised you that two dates were set aside for you or your condo watcher to pick up your new keys, which were Tuesday & Friday of this week. We thank you for following our procedure in picking up your keys. The new mailboxes are being installed on Monday, June 22, 2020.

There are still several owners/condo watchers that have not picked up the new keys, therefore you now will have to pick them up at our Management Co., Guardian Property. They are not at the Member Center. You must call Guardian for an appointment as they are closed due to the Virus but someone will be available to give you your keys. The address and phone number is as follows: 6704, Lone Oak Blvd, Naples, 239-514-7432, You may want to ask for directions, however they are approximately 3 miles north of Pine Ridge Rd., on Airport Pulling.

A courtesy call was also made before the second distribution to remind owners to pick up their keys, however many messages were left and some phone numbers were not in service. You are required to update your information with our Mgt. Co. whenever there is a change. There would be a problem if we had an emergency regarding your condo and needed to contact you.

Your cooperation is always appreciated.
