

## ANNOUNCEMENT:

### Rosewood Owners

Our renewal service is effective Sept. 1, with Xfinity (Comcast). It includes an upgrade from digital to high-definition service for the (2) adapter boxes. The primary box was already HD. Starting Sept. 1<sup>st</sup>, the residents with digital adapters can go to a XFINITY store to switch them for (2) HD adapters. Some residents may have upgraded their adapters on their own prior to the renewal. If they are not sure if they have digital adapters, they can call 800-XFINITY (800 934-6489) for an account review for further guidance.
