

The Master Board of Falling Waters would like to announce that Regina Shelton has been appointed as our Activities Director. Gina is a year-round resident in Magnolia Falls and has been an owner here for over 10 years, hosts the bi-monthly craft classes in our clubhouse, and is committed to keeping our community active and socially welcoming.

Having seen considerable turnover in recent years as all properties do, the Master Board recognized the need to expand our Social Calendar to match the interests of all our residents.

Bringing Gina's past experience and her commitment to retaining long-standing events while introducing new functions & activities is a fit the Board feels will be welcomed, and we encourage you to support this dynamic part of what makes our community one of the most sought-after developments in the area!
