

Hello, Everyone!!!

I wanted to take a moment to send a few small reminders, and a HUGE note of THANKS....

- **Dip & Sub payments are due by Tuesday, 3/22 (collecting in clubhouse between 4:00pm-5:00pm).**
- **The Craft Fair / Garage Sale** is set for Saturday, 3/26 from 10am-2pm in our Clubhouse. *Please come out and support your neighbors....* there are some wonderful items being sold! (if any additional residents who haven't yet signed up wish to sell items, please email me asap to be assigned a spot! We may spill out into the overflow lot, as a dozen vendors have already registered!)
- **Sports area & Putting Green:** This area is being brought back to life thanks to the tireless efforts of many (especially David Wheeler), and we are planning mini-tournaments in the coming year! We have provided Golf Balls, flags, scorecards, pencils, etc. to be stored at the green, and offer cornhole boards & bags, horseshoes, etc. for your enjoyment. PLEASE RETURN all borrowed items to the storage cabinet before leaving the area. We still need & welcome any donated putters to help utilize the space further.
- **Bus Trips:** While we continue to navigate through the associated health risks of Covid, our calendar for next season will once again offer Casino Bus Trip to the East Coast. It was not practical from a financial perspective to book any this past year, however, I have heard your desires to bring back the Casino Trips and have added them onto our season for next year.

Just a quick note to say it has been a pleasure to offer the various & extensive events to our Falling Waters residents this past season! While the Activities Committee & I learned the ropes to get things started, your positive comments and the invaluable assistance of our fabulous volunteers has been overwhelming and very much appreciated! We're so fortunate to be in such a wonderful community!

As this season winds down, I hope you always enjoy your time spent here, are excited to come back soon (or for those staying with us -- look forward to continuing our activities through the summer!) and stay healthy and safe. Wishing you joy & happiness wherever you journey, and safe travels along your way!

With our thanks,

Gina Shelton, Activities Director
