

## Water Crest Blast 08/12/2022

### Bears Damage Water Crest Dumpsters

During the evening hours on 08/11/22, a large bear(s) damaged 2 of the 5 dumpsters in Water Crest. The damage included the doors and the recycle bins. The damage will be repaired as quickly as possible.

Our main **concern** is for the **safety of our residents**. Much like humans, bears and other animals seem to prowl around between twilight and daylight in search of food.

**AVOID** entering the **dumpster areas between twilight until daylight**.

Regards,  
Water Crest BOD
