

## Storm Notice

Due to the storm warning from Collier County, we have taken the following action:

1. Front gate operations have been suspended and the gate is locked open.
2. Clubhouse has been closed and all shutters are in place. We will leave the lights on till power fails and the kitchen door (off the deck) unlocked in case anyone wishes to seek shelter there.
3. The Pool is closed and will remain closed until cleanup is completed after the storm is over.

After the storm is over and we assess any damage, we will begin cleanup and start reopening.

Please stay safe, use common sense and check on your neighbors when possible.
