

UPDATE ON POOL LEAK 4.13.23

Leak has been found today and pool is open again.

Tomorrow Line item will be here to jack hammer the opening to find pipe and expose it for repair.

Once repaired we can open restrooms, turn irrigation and pool water back on.

Once pipe is exposed their plumber will be in to fix pipe and then Line Item will fill hole and reinstall pavers.

Guessing it will be done by Tuesday next week.

Pool will remain open during this time.
