RULES AND REGULATIONS

Approved (06/26/15)

www.fallingwatersdavis.com

In order to enable owners and their guests to occupy, enjoy, and appreciate the benefits of our common facilities, the Board of Directors has adopted the following Rules and Regulations. In living as neighbors, all of us not only have certain rights, but also obligations to other owners; restrictions we impose upon ourselves for our mutual benefit.

The Rules and Regulations included here are in accordance with the Declaration of Condominium for Rosewood, which authorizes the Board of Directors of the Association to make or amend regulations concerning the use of the property. Some of these rules are based on State, County and City laws relating to health, fire hazards, sanitation, police and other various agencies.

Every member should carefully read the By-Laws under which we operate, as well as this list of Rules and Regulations. Unless each and every owner, their guests and tenants abide by the By-Laws and Rules and Regulations, we cannot have the smooth and satisfactory operation of our homes that we all want. The owner is held responsible for the violation of these rules by members, their guests, employees, children and lessees.

All complaints and/or suggestions must be in writing, signed and submitted to the Board. Owners of each building who have volunteered to be a building captain. Their purpose is to convey any problems or concerns you might have to the Board of Directors of Rosewood.

The rules are not intended to be "all inclusive". Objectionable behavior is not acceptable if it is not specifically covered in the Rules and Regulations. A copy of the Rules and Regulations will be given to all unit owners. It is also posted in the Falling Waters web-site in the Rosewood section. Please request that your guests and lessees familiarize themselves with these rules to avoid yourselves and management any embarrassment.

Believing that Rules and Regulations are necessary for the common good and quiet enjoyment of the daily living, residents and guests are expected to obey them and contribute to their enforcement.

UNOCCUPIED UNITS

Each unit owner who plans to have an extended absence, especially during, but not limited to, the hurricane season, must prepare his/her unit prior to departure. Here are a few suggestions, however, a complete list can be obtained from the Collier County Civil Defense Office.

1. Remove all plants, furniture and any other objects from all windows, lanais, balconies and stairs. Keep in mind that during a hurricane a flying object is a lethal weapon.

2. Designate a responsible firm or individual to care for your unit should the unit sustain any type of damage and furnish the Board of Directors with the name of the firm or individual.
3. Designate someone to maintain your unit indoors and outdoors, properly, on a continuous basis.
4. Update your Emergency Contact Card with the Board of Directors or Property Management.

RECOMMENDATIONS FOR MAINTAINING UNITS

1. Please take notice and take care of any leaky faucets, toilets, water hoses and water valves within your unit. This will save on the operating expense of the association. Be sure the water is turned off.
2. Due to the increase cost of water in Florida, we are recommending washing vehicles not be more than once a week. Only owners/renters of the unit are permitted to wash cars, not guests or visitors. If this system is being abused, we may have to limit car washing to odd and even addresses on assigned days.
2. To prevent a fire hazard we recommend that each unit owner keep the dryer vent and hose clean of any lint (the portion of hose which is attached from the dryer to the wall vent).
